***Additional supplies may be required during the school year.**

In addition, please see information about *other supplies (such as face coverings) required for all students* this school year by reading the following separate list:

Face Coverings (Masks)

Wearing a face covering is one of the most effective ways we currently have to help stop the spread of the virus responsible for COVID-19. Therefore, ***all students in Children's House and older will be required to wear cloth face coverings indoors while at school at WHS.*** Masks will be worn indoors at all times with the exception of times students are eating or drinking. See details about masks below:

- Face coverings must completely cover the student's nose and mouth.
- Cloth face coverings of at least two layers are most effective.
- Your child's masks must all be clearly, permanently labeled with their name.
- Students must arrive at school wearing their masks and have at least one additional mask with them everyday. (A minimum of two clean masks each day)
- Reusable masks must be laundered at home after each wearing.

Hand Sanitizer

To help maintain good hand hygiene, besides encouraging frequent and thorough handwashing, we will be providing hand sanitizer in each classroom and throughout the building. Please send the following with your child's supplies:

- 1 pump bottle of unscented hand sanitizer (containing at least 60% alcohol and NO METHANOL)

Rainboots

One of the safety precautions we are taking at WHS this year is utilizing our outdoor spaces as much as possible. We plan to have students and teachers outside everyday whenever it is possible. Rather than requiring students to have indoor shoes, we are asking instead that ***all students have a pair of rainboots at school everyday.*** This will help keep feet dry even when the grass is wet, as it often is in the morning.
