

Welcome to your “Summer Reading Road Trip” for Lower EI!

Use the attached **road trip coloring sheet** to track your reading and complete fun challenges throughout the summer. Bring the sheet with you the first week of school in August so you can share your reading adventures with your classmates!

Read a book—or a chapter from a book—**EVERY day!** For each book or chapter that you read, color a route sign along the bottom of the page. When you run out of signs, color different animals and objects along your road trip map.

The **road trip challenges** scattered along the route are for you to complete. Color in a **challenge sign** when you’ve finished it!

What did you read? (optional)

Keep a log of your books on the back of your coloring sheet. Just include the book title and author’s last name. If you’re reading a chapter book, you only need to list it once.

What was your favorite book this summer?

Write the title and author somewhere on your page. (Be sure to label it as your favorite one if you are keeping a reading log, so we don’t get confused.) If you have a copy, bring it the first week of school. If not, we’ll try to find a copy from the library so you can share it with your classmates! We’ll kick off the year by sharing our favorites.

HAPPY READING AND HAPPY TRAVELS!
